

# The Sands $\frac{\text{Of}}{\text{Over}}$ Time:

Sustainable coastal environments in light of climate change

ClimBEco summer meeting 2022

September 21-23

@ Marint centrum, Simrishamn

[www.climbeco.lu.se](http://www.climbeco.lu.se)

The purpose of this thematic meeting is to gain a deeper understanding of dynamic coastal environments and the interactions that define them. We will focus specifically on interactions between land, atmosphere and sea – both geologically back and forecasted forward into climate change futures – and interactions between people and communities living on and from a marine coastal ecosystem, where climate change will continue to have profound impacts.

Schedule (subject to adjustments):

Wednesday, 21 September

- 15:00 bus departs from ~~Lund C~~ Lund Cathedral/Domkyrkan  
pit stop & guided tour @ Knäbäckshusen  
Caroline Hallin
- 18:30 arrival to Hotel Svea in Simrishamn
- 19:30 kick-off dinner @ Hotel Svea

~

Thursday, 22 September

- 07:30 optional morning jog with Hanna
- 08:45 latest time to leave hotel, walk to meeting venue @ Marint centrum
- 09:00 Welcome!  
Lecture: This coastline's submerged landscape – a geological reconstruction  
Anton Hansson
- 10:00 fika
- 10:30 Lecture: Visions of this coastline – now and into the future  
Caroline Hallin
- 12:00 lunch
- 13:15 information from ClimBEco  
Cheryl Sjöström & Ylva van Meeningen

- 14:00 information from Marint centrum  
Lecture: Fishing in the Baltic Sea, historical and current challenges  
Madeleine Lundin, Josefine Larsson & Vesa Tschernij
- 15:30 fika
- 15:45 excursion by bus to allotment gardens in the sea & free time in Kivik
- 18:00 dinner @ Buhres fish restaurant, Kivik
- 19:30 bus back to Simrishamn, arrive @ Hotel Svea 20.00 and finished for the day

~

#### Friday, 23 September

- 09:00 optional morning yoga with Cheryl (7:30) or birdwatching with Heléne (8:30)  
Workshop: Rethinking local fishing industries  
Åke Thidell
- 10:40 fika & hotel check-out
- 11:00 group discussions on the soundwalk Farewell Falsterbo  
Ruben Ritzén & Ludwig Bengtsson Sonesson
- 12:00 time with your PhD representatives
- 12:30 lunch
- 13:30 bus departs for Lund C
- 15:00 bus arrives at Lund C

ClimBEco's coordinator Cheryl Sjöström can be reached at any time at 0761 12 96 70.

# Contributing scholars:

From Lund University, we welcome:

[Caroline Hallin](#)

~

Div. of Water Resources Engineering, LTH

[Åke Thidell](#)

~

Intl. Institute for Industrial Environmental Economics

[Anton Hansson](#)

~

Quaternary Sciences

From Marint centrum, we welcome:

[Josefine Larsson](#)

~

Marint centrum, Simrishamn kommun

[Madeleine Lundin](#)

~

Marint centrum, Simrishamn kommun

[Vesa Tschernij](#)

~

Marint centrum, Simrishamn kommun

From Narrating Climate Futures, we welcome:

[Ruben Ritzén](#)

~

Research assistant, Climaginaries

[Ludwig Bengtsson Sonesson](#)

~

Project leader/Communications officer  
Climaginaries
