CEC Research Funding News

Research Funding News at CEC

Do you have a proposal on the way? Please note your name, and the name of the call, on the whiteboard just outside Carin and Monikas room at CEC. In this way we can all keep good track of what´s in the pipe-line, and support you in an adequate way – with both fullkostnadskalkyl and other things!

If you do not pass in the CEC corridor so often, just send an email to carin.nilsson@cec.lu.se and monika.bengtsson@cec.lu.se, and we will register you on the board! *Kind regards,*

Carin Nilsson and Erik Swietlicki

The fire in Västmanland started the 31 of July 2014 and damaged over 13 800 ha forest. Foto by Fredrik Sandberg , SVT Nyheter.

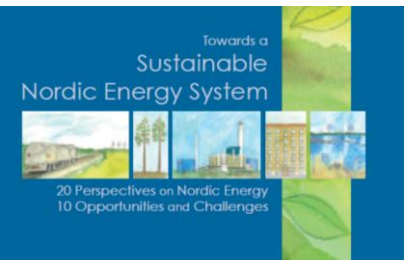
FORMAS : The forest fire in the Swedish province of Västmanland

Deadline: 28 October 2014

15 Million Skr from FORMAS during 2014-2016. The applied amount can only be for costs during the period 2014-2016 and shall not exceed 1 million SEK per year (excluding OH and indirect costs).

The scope is wide – from "fire ecology, effects on forestry, land- and water use, rural development and questions regarding sustainable building and planning. The research may also cover social, cultural, economic and institutional factors and aspects on crisis management and effects on society after the fire. Besides research projects, support can also be given for applications to secure material for future research projects, e.g. sampling of data, interviews or observations. "

More information on FORMAS webpage.



An interesting starting read may be the NEP report from 2010, and information about the Nordic energy cooperation within bioeconomy etc.

Pre-annoncement from Nordic Energy Research:

Call for Nordic Flagship Projects

Cited from webpage: "On 8 December 2014, **Nordic Energy Research** will launch a Call for Proposals worth a total of **80 MNOK**. We wish to fund a small number of excellent projects that will **address the challenges and opportunities of a more sustainable and competitive Nordic energy system**.

Projects that receive funding will demonstrate evident Nordic added value, they will address the challenges and opportunities from a system perspective, and they will have clear political relevance. "

Horizon 2020: ERC

Invitation to two ERC workshops at Lund University by Research Services:

Workshop: ERC Starting Grants 3 November
Workshop: ERC Consolidator Grants 27 November

For more information, please contact Sophie Hydén Picasso, and read at the webpage of LU Research Service.

Research Funding News Letter from LU Research Services

The News letter which came just before midsummer, nr 7-2014, has a good overview of the EU funding, the ERC grants and other EU funding, as well as Wallenberg grants. Recommended reading for interested! More interesting calls can be found on the webpages of Formas and VR and in Research Professional, the search engine tool available at LU.

Nice overview of Swedish and International Funders + funding for post-docs and funding for conferences!

LU Research Services has a good compilation over the main funders on their website.

Funders are categorizied under four headlines:

- Swedish and nordic funders
- EU and international funders
- Funding of scientific conferences
- Funding of Post-doc

VR webforum open for comments on future research funding at VR!

Give comments before 6 October

Mapping of the main areas of research with VR has been done during the spring and summer.

Now there is a second round of collecting YOUR comments on the texts!

All documents are in Swedish for natural science though.

Comment here before 6 October 2014.

CEC Fellows meetings this autumn

Thursday 9 October and Thursday 11 October
9.40 coffea/tea, 10.15 -12 meeting
Sölvegatan 37 (Blå hallen/Röda rummet)
Welcome!

The list of post doc funding at LU Research Services.
