

Welcome to the 2020 ClimBEco summer meeting

EcS in the City

EXPLORING ECOSYSTEM SERVICES IN OUR URBAN SPACES

Cities can and must support multiple functions in society. The ecosystem services concept can help meet the needs of growing and diverse urban populations while including ecological processes that sustain healthy, resilient environments. At this ClimBEco meeting we'll consider challenges and opportunities for ecosystem services in the development of our own communities.

Date: 26-27 of August, 2020

Time: 9.00-17.00 day 1, 9.00-15.00 day 2

Place: Combined Zoom and in-person exercises in Gothenburg, Lund & Malmö
Zoom invitation sent separately

PARTICIPATING SCHOLARS FROM LU:

Vasna Ramasar, Associate Senior Lecturer, Department of Human Geography

Helena Hanson, Researcher, Centre for Environmental and Climate Research

Johanna Alkan Olsson, Senior Lecturer, Centre for Environmental and Climate Research

Chiara Cortinovia, Postdoctoral Fellow, Centre for Environmental and Climate Research

PARTICIPATING MUNICIPAL REPRESENTATIVES:

Susanna Bruzell, Sustainability strategist, Lunds kommun

Klara Jansson, Strategist, Göteborgs Stad

Åke Hesslekrans, Architect, Malmö Stad

PROGRAM DAY 1

- 08.45 Boarding and check-in, Zoom
- 09.00 Intro and get-to-know-one-another
- 10.00 Preparation for in-person group work
- 10.30 In-person group work and lunch in Gothenburg, Lund & Malmö
- 14.00 Lecture in Zoom: Human rights and ecosystem services, *Vasna R*
- 15.00 Group work in Zoom, *Helena H*
- 16.15 Challenges to the densification discourse, *Johanna AO*
- 17.00 End of day 1

PROGRAM DAY 2

- 08:00 Optional yoga in Zoom, *Cheryl S*
- 08:45 Boarding and check-in to Zoom
- 09.00 Breakout rooms, present findings day 1
- 10.00 Information from ClimBEco
- 11.00 Webinar with Swedish municipalities: City planning with ecosystem services – experiences and challenges, *Susanna B, Klara J, Åke H*
- 12.30 Lunch (on your own)
- 13.30 Group work based on webinar
- 14.00 Reflections on the meeting theme, *Chiara C*
- 14.30 Final get-to-know-one-another activity
- 15.00 End of meeting

ABOUT CLIMBECO

ClimBEco is a graduate research school supporting interdisciplinary scholarship and networking in the fields of climate, biodiversity and ecosystem services. Financed by the SRAs BECC, MERGE and the Science faculty of Lund University.

Project manager, *Cheryl Sjöström*
